## **PRESS RELEASE**

### **ARTIFICIAL GRASS GROWS AT HAMPTON COURT FLOWER SHOW**

LazyLawn have won the '**Certificate Of Merit**' for outstanding presentation of their display garden at the prestigious **RHS Hampton Court Palace Flower Show**.

This is the brands first appearance at the event and after a big effort from all the team, as well as being the first ever artificial grass brand to be invited to exhibit at the event, **LazyLawn are also the first to have earned an award that is only given to a handful of display sites!**

This is the first year the Certificate Of Merit has been awarded at Hampton Court and Marketing Manager Andy Driver said "It is a superb achievement for all involved with the LazyLawn brand. All the team are delighted. Our goal was to create a space that would really open people's eyes to what is achievable using LazyLawn artificial grass. The comments from the RHS members and visitors to Hampton Court have been very positive and we can't wait to return next year to create something equally as eye catching and effective".

The garden was designed by Robert Redcliffe of [Redcliffe Gardeners](#), who own and operate the LazyLawn license in the Purbeck region. The clean lines, bespoke water features, use of materials and fantastic trees have helped to create a real wow factor, stopping people in their tracks who have to touch the grass to believe it isn't real!
